CERTIFICATION & CLOSE OF FILE

MR. JAMES GOLDENETZ, PRESIDENT
CLASS LEASING, INC.
1221 WEST OLEANDER AVENUE
PERRIS CA 92571

Project: STOCKPILE # 62 / CLASS LEASING INC.
Scope: CONSTRUCTION OF: 100 - 24X40 RELOCATABLE CR BLDGS
Application #: 04-104169
File #: 33-0

Dear MR. GOLDENETZ:

The Department of General Services' records indicate that the construction of the referenced project has been completed in accordance with design documents approved by the Department, and that all the Verified Reports covering the construction have been received.

Therefore, the Department of General Services certifies as follows:

This project is in compliance with California State regulations as to the safety of design and construction of public schools, and for the accommodation of persons with disabilities.

For relocatable buildings that have been granted a waiver of durability for foundations, the owner should periodically inspect for, and correct, deterioration in order to maintain safe conditions. This certification is not valid if the buildings are moved to a site location other than shown on the approved plans.

As stated in our letter approving the plans and specifications for this project, the Department does not review design documents or construction for compliance with the electrical, mechanical, or plumbing regulations. It is the responsibility of the professional consultants named on the application to verify compliance with appropriate parts of the California Building Code, and to submit Verified Reports documenting compliance.

Sincerely,

David F. Thorman, AIA
State Architect
