Structure Name: _____

Structure Location: _____

Project Name: _____

Project Description: _____

Product/System Description: _____

GENERAL COATINGS MANUFACTURING CORP. ("GCMC") warrants to the original owner ("Owner") that the coating will not peel because of actual defects in material or manufacturing for a period of ten (10) years from the date of substantial completion above. Should any of these defects occur during this period, GCMC will replace the defective portion of the failed product.

GCMC requires that all coating materials have been stored properly, and installed pin-hole free according to GCMC's then-current specifications, guidelines, and recommendations. For all flashings, seams, terminations, penetrations, reglets, and other areas where water seepage may occur, a mandatory minimum of _____ () dry mil film coating thickness is required, consisting of at least _____ () dry mil film thickness of GCMC _____ top coating over no less than _____ () dry mil film thickness of _____ base coat.

If the subject property is sold, the unexpired portion of this Limited Warranty is transferable to the new owner, provided GCMC receives written notice and payment of \$250.00 within thirty (30) days of the title transfer. Any requested transfer is expressly contingent upon: (1) GCMC's full inspection of the Project named on this Limited Warranty; and (2) the Owner's satisfactory completion of all repairs deemed necessary by GCMC, in GCMC's sole discretion. Any permitted transferred warranty to new owner will commence from the original date of substantial completion above.

CONDITIONS AND EXCLUSIONS:

- This Limited Warranty only applies to GCMC foams, coatings and materials used on institutional, commercial, or industrial applications only.
- This Limited Warranty is expressly conditioned upon fully payment being received by GCMC, its distributor, and/or the Applicator for all GCMC materials supplied to the Project, and Owner's continued compliance with all terms pertaining to any agreements with such parties.
- During the term of this Limited Warranty, GCMC and/or the Applicator shall be given free and unrestricted access to the portions of the areas where the GCMC System was applied, upon reasonable advance notice and during business hours.
- Excludes costs associated with labor, equipment, or additional supplies to perform repair or maintenance of a system installed using GCMC coatings and materials. All such costs shall be the Owner's responsibility and shall be borne by the Owner exclusively.
- Excludes any failure or damage to foams, coatings or other materials resulting from faulty or improper storage, handling, application, or installation, including but not limited to any failure to adhere to the requirements set forth in GCMC's specifications and application guidelines.
- Excludes all unauthorized repairs, alterations, or installation of incompatible products/accessories or the consequential effects of such repairs, alterations or installations. Any unauthorized repairs and/or alterations shall automatically void this Limited Warranty.
- Excludes damage or failure caused by repairs or alterations to, encroachment upon, or erection of any fixture, attachment, or structure on or in contact with the coated area or any use of the coated area other than for its intended purpose at the time this Limited Warranty was issued.

- Excludes damage or failure due to expansion, contraction, settlement, cracking, warping, deflection, or other movement in the vertical surface, greater than 1/16" in width at its widest point.
- Excludes any damage or failure caused by structural movement, failure of the substrate over which the foam and coating are applied, faulty construction or design, misuse of structure, inadequate drainage, or any other failure of the structure.
- Excludes any damage or failure due to vapor drive, infiltration or condensation of moisture in, through or around walls, copings, wall structure, reglets, underlying surface, or surrounding materials.
- Excludes any damage or failure caused by falling objects, projectiles, foreign objects or agents.
- Excludes any damage or failure caused by third parties, including plant, insect or animal life.
- Excludes any damage or failure caused by fire, earthquake, flood, hail, lightning, sink holes, mud slides, volcanic events, and unusual weather phenomena, such as high winds or natural disasters.
- Excludes any damage to the building and contents thereof, or any other direct or consequential damage from any causes whatsoever.
- Excludes any damage or failure due to any misuse, improper care or failure to provide necessary maintenance.
- Excludes any damage or failure due to normal and expected weathering of the surface, mildew, chalking, exposure to harmful chemicals or vapors, fatty acids or acid rain, or surface discoloration due to atmospheric pollution.
- Excludes any damage or failure caused by items not part of the GCMC system and/or any products not supplied by GCMC.

GCMC shall be the sole judge of whether or not the coating or foam are defective and whether the defect is due to faulty materials or manufacturing. The Owner must notify GCMC in writing should any coating or foam failure covered by this Limited Warranty occur. All claims should be made within 30 days of discovery of the failure. GCMC reserves the right for their representative to make an inspection as may be required to ensure coating and foam performance and determine the extent and cause of problems, if any. In the event of damage or failure caused by any of the excluded occurrences listed, Owner shall, at its own cost, immediately repair or correct such damage or failure and shall notify GCMC in writing. Failure to immediately make such repairs or corrections shall automatically void this Limited Warranty. GCMC may discontinue products from time to time and reserves the right to provide a replacement product that it believes to be of equal or higher quality and value.
